- Study from anywhere, at any time
- Perfect for an introduction to a subject or a subject refresher
- Great addition to your CV
- Receive an e-certificate upon completion
- Nationally recognised
- Official CPD certified course

Section 1: Understanding personal money management

This section helps you to change your attitude towards money and learn how to make savings in order to manage your money better and see it go further. Explore credit, the many different types and the cost of borrowing (including the dangers of the consequences following missed payments.)

Section 2: Applying methods for personal money management

Work out which daily methods suit you best by exploring different ways to save. In this section, you will understand what amount of your earnings you actually take home on pay day after tax and national insurance deductions, as well as examining other potential deductions and entitlements you are eligible for.
